Overnight
2013

Washington, DC

Thank you for making the 2013 Out of the Darkness Overnight Walk in Washington, DC a wonderful success. The Tommy Fuss Team was represented by 13 walkers, 4 crew members and family and friends. Our team raised \$45,000 to support the American Foundation for Suicide Prevention's important work in the areas of research, programming, advocacy, and support for people with mood disorders and those affected by suicide. We were joined by 1,800 walkers and together we raised well over \$2 million dollars.

Thank you for walking this journey with us. Your support and encouragement keep us going. Together we will remove the stigmas, encourage individuals to seek help for themselves and those they love, and support research for improved treatments and suicide prevention. We will be relentless in our goal of saving precious lives from this devastating disease.
